HERSE S.R. 833/35

HERSE S.R. 835/35

HERSE S.R.

Herse S.R. 833/35 and Herse S.R. 835/35 are our proposals for entry level semi-automatic start-stop rewinders with integrated backstand. Both are equipped with in line slitters and are capable of producing a wide range of products such as toilet rolls, kitchen towels and industrial rolls. It is possible to upgrade such rewinders with the insertion of a log saw that will give You the possibility of working in both configurations (log saw or in line slitting).

Technical Data Sheet

	HERSE S.R. 833/35	HERSE S.R. 835/35
Mechanical speed	400 m/min	400 m/min
Guaranteed speed	350 m/min	350 m/min
Max diameter of parent reel	1200 mm	1500 mm
Pole	Yes (1)	Yes (1)
Log diameter min/max	80/350mm	80/350mm
Core diameter min/max	30/80mm	30/80mm
Perforation roll	4 blades	4 blades
Transversal cut/gluing	Yes	Yes
Parent reel loading	Pneumatic	Hydraulic
Installed power	30Kw (with embossing unit)	30Kw (with embossing unit)
Air consumption at 6 bars	400 lt/min	400 lt/min
Machine weight	4200 Kg	4200 Kg
Color	R.A.L. 1013	R.A.L. 1013

Upon request Herse S.R. 833/35 and Herse S.R. 835/35 may be equipped with:

- ply bonding unit
- additional pole
- possibility of full automation
